The chase is on! Four soulful ghosts are on your tail and you do not want to lose your bow...or your life. Gobble up all the dots but watch out! They slow you down giving the ghost the advantage. Turn the tables on them by eating an energy pill! As the ghosts run in fear, blue and shaking, hunt them down and eat them! Wipe the board clean of dots and move on to other exciting mazes. Ms. Pac-Man is sure to steal your heart with her grace and charm in this timeless classic game.

Here they come! Escape by running around corners.
